# OUR STORY

EGO is part of an international manufacturing business established in 1993. Pioneers of cordless technology from the very first days, this desire for innovation and breaking new ground has helped us achieve exceptional growth.

Today we're one of the world's biggest tool manufacturers, employing more than 7,000 people. We produce over 10 million units each year, sold in over 30,000 outlets in 65 countries worldwide.

## The brain power behind our battery power

Our talented team of over 400 highly qualified technicians are responsible for developing and delivering clean, reliable power tools for today's switched-on customers. Working in our dedicated R&D centre, they partner with our international teams to design innovative, durable and powerful tools that deliver superior performance.

As the industry's leading cordless specialist, our team of internationally and professionally recognised testing engineers implement international safety authorisations and help define global safety and quality standards.

## Innovative ways we're reducing our impact on the environment

Innovation runs right through every aspect of our organisation. Not only in the products we develop but also in the ways we operate and the places we work.

In 2004 we installed a 7,000m<sup>2</sup> Green Roof system to our dedicated R&D facility. This has saved the equivalent of 5 litres of petrol per m<sup>2</sup> each year.

The roof of our Green Power Industrial Park features a 2 megawatt photovoltaic power station. Known as 'The Blue Roof', total 66,000m<sup>2</sup>, the power this generates,

year-on-year, saves the equivalent of 755 tonnes of coal as well as cutting Sulphur Dioxide emissions by 50 tonnes and Carbon Dioxide emissions by 1677 tonnes annually.

The Green Power Industrial Park also utilises the latest in ground-source heating, air-conditioning and water-storage technologies. The ground-source heating system alone saves a massive 1 million kWh of electricity annually, the equivalent of 378 tonnes of coal. Cutting Sulphur Dioxide emissions by around 25 tonnes and Carbon Dioxide emissions by 839 tonnes each year.

# ALL THE POWER OF PETROL. MINUS THE PETROL

The world is changing, fast. Our whole society is moving away from fossil fuels and adopting cleaner, greener energy. It's why we believe it's time for a new, smarter way to power through gardening and landscaping tasks. Introducing the innovative EGO Power+ system from the cordless specialists.

EGO Power+ delivers petrol-matching power, just without the noise, fuss or fumes. EGO's industry-leading ARC Lithium 56V battery technology delivers a new level of performance, giving you the dependable power you need to keep working hard until the job's done.

The minute you try this revolutionary cordless system you'll never look back. Comfortable to use, with impressive run times and fast recharge it offers the ultimate in convenience. There are no trips to the petrol station for fuel and no more having to store highly flammable liquids. Instead you get the freedom to work exhaust and emission free.

For real flexibility, the same ARC Lithium battery fits every tool in the EGO Power+ range. Just click in the battery and you're ready to go. Plus, all EGO Power+ products come with a domestic user 5 year warranty on tools and 3 year warranty on batteries. The warranty for commercial users is 12 months. Further details can be found on our website.

## NEW FOR 2020

# MORE IMPRESSIVE TOOLS MORE GROUND- BREAKING TECHNOLOGY

The latest tools from EGO Power+ offer technological advancements that make even the toughest tasks a breeze. Whether you're cutting grass, sawing logs, cleaning hard surfaces or gutters, or need to use your battery as a power source there's a tool for every task.

Fully compatible with EGO's 56V ARC Lithium battery system, you can expect the same impressive run times and super fast recharge times as standard.

**ONE BATTERY POWERS  
MULTIPLE TOOLS**

Our industry-leading 56V ARC Lithium battery works with all EGO Power+ tools, even our commercial series. With great performance and long run times, simply select your tool, click in and go

# BETTER FOR YOU, YOUR WALLET AND THE ENVIRONMENT

## See just how well our tools compare

Powered by our industry-leading 56V ARC Lithium battery, the EGO Power+ system delivers petrol-matching power but without any of the downsides. It's simpler, cleaner, quieter and with less vibration is more comfortable to use. With lower running and maintenance costs, switching to EGO Power+ will lead to long term savings. Plus, with zero emissions during use, you can do your bit to reduce your impact on the environment too.

## Petrol-beating benefits...

USING 2 STROKE MIX MOWER		USING EGO POWER+ MOWER	
FUEL* / OIL** COST PER LITRE	\$1.65	COST PER CHARGE ~	\$0.16

# THE POWER TO OUTPERFORM PETROL

## ZERO EMISSIONS DURING USE

Our ARC Lithium battery gives petrol-matching power but without the fuss and fumes

## LESS NOISE AND LESS VIBRATION

EGO Power+ tools often operate at lower noise and vibration levels than traditional petrol-powered tools

## EASY SET UP AND STARTING

No filling up with fuel; with EGO Power+ just click in the battery and get to work

## LOWER RUNNING COSTS

The cost of running an EGO Power+ product for a month is around the same as using a 2 stroke product for a day\*

## FOLD FLAT, EASY STORE DESIGN

Unlike large heavy petrol mowers, the EGO Power+ mower's fold flat design makes storage and cleaning simple

## NO PETROL TO STORE

Instead, EGO's rapid charger refuels batteries in as little as 30 minutes – less than the run time you get from a full charge

\*Based on average daily use of 3 litres of post mix fuel per day.

**LESS  
VIBRATION,  
LESS NOISE,  
MORE USER  
FRIENDLY**

**Designed so you can work  
comfortably all day long**

With a smooth brushless motor and fewer moving parts, all EGO Power+ tools have been designed to operate with low levels of vibration, often under the 2.5m<sup>2</sup> Exposure Action Value limit (EAV) and well below the Exposure Limit Value (ELV). This allows you to comfortably work with them all day long without any risk to your health. So, choose EGO Power+ and protect yourself every working day.

**They are much quieter too**

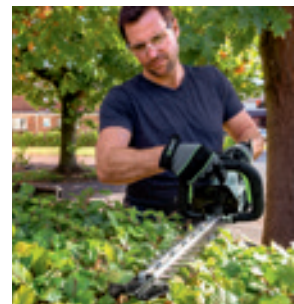

Let's face it. Petrol tools are noisy, and daily exposure can lead to hearing loss and also tinnitus – a permanent ringing sensation in the ears. Fortunately the EGO Power+ range is much quieter than petrol-powered alternatives which will reduce the risk of potential damage, especially over long-term use. Operating noisy equipment can also lead to an increase in work-related stress. Many factors are known to contribute to this condition and rarely there is a single cause. However because EGO Power+ tools operate at lower sound levels, the working environment is quieter and less stressful for the user.

Noise rating:

**L<sub>wA</sub>** (Power) is a measure of the amount of acoustic energy emitted by the machine. **L<sub>pA</sub>** (Pressure) is a measure of the noise level at the operator position of the machinery.

Those who regularly use handheld power tools may be at risk of Hand-Arm Vibration (HAV) syndrome. Also known as 'Vibration White Finger' it causes painful and disabling disorders of the blood vessels, nerves and joints.

Those affected may struggle with fine motor tasks and exposure to cold can cause extreme pain in the fingers. However HAV syndrome is preventable. One way it can be avoided is by choosing tools that vibrate less than traditional petrol-powered products; like the tools in the EGO Power+ range.

# EGO POWER+ ARC LITHIUM DELIVERS THE INDUSTRY'S HIGHEST ENERGY CAPACITY

**Our unique patented 56V ARC Lithium-Ion technology is designed like no other battery. It's why it performs like no other battery.**

Designed from the ground up to deliver petrol-matching performance, the EGO Power+ ARC Lithium 56V battery has an innovative design to maximise battery cooling. Unlike conventional brick shaped batteries where the cells are packed together, overheat and shut down, our unique ARC design dissipates heat more effectively.

## Keep Cool™ technology

It's not just the innovative ARC design that helps prevent overheating. The battery has another clever way to keep cool. Each and every cell is surrounded by our unique Keep Cool™ phase change material that absorbs heat energy and keeps individual cells at their optimum temperature for longer.

## Intelligent power

Power is nothing without control. It's why the EGO Power+ ARC Lithium 56V battery is continuously controlled by software and microprocessors within the battery and by the tools' intelligent power management systems. The EGO Power+ ARC Lithium battery is constantly monitoring and optimising each individual cell, so you always get the very best power, performance and run time.

## Exterior mounted battery

Unlike other manufacturers, our batteries fit onto the outside of our tools, and are not encased on the inside which means they stay cool to deliver longer lasting power. To keep them safe and sound, the electronics are protected from dust and moisture by a resin coating and the cells are packaged in a robust case that absorbs shocks and vibrations.

## Fast recharge

All this clever thinking not only delivers the industry's highest energy capacity in a portable handheld battery. It also means when it's time to recharge, the EGO Power+ ARC Lithium 56V battery is the quickest around.

# FROM EMPTY TO FULLY CHARGED IN JUST 30 MINS

With a range of battery sizes available from 2.5Ah to 28Ah, you can choose the power you need to tackle any task. When it's time to recharge, the EGO rapid charger is the fastest on the market. The intelligent battery control system constantly monitors each cell's charge and temperature to deliver the most efficient and quickest charge.

Plus, the fan-cooling system allows the battery to start charging sooner and finish faster. As a result, the time it takes to refuel the battery is often less than the run time you get from a full charge. In fact with the rapid charger, the 2.5Ah battery takes just 30 minutes. So with two batteries on the go, you'll have all the power you need, all day long.

# A BATTERY FOR EVERY TASK

From the lightest 2.5Ah to the high density 10.0Ah battery with the longest run time, we have the right battery for every task. And whatever size you choose, they all feature our innovative 56V ARC Lithium technology. Plus, all our batteries fit all our tools. So whichever you choose, simply click in and get to work.

## Power and comfort, combined

Light, comfortable and ergonomic, the EGO Power+ Backpack Link harness is the most comfortable way to enjoy the industry-leading power. It works with all our batteries and by carrying the battery in the backpack instead of the tool, the weight is distributed evenly.

# POWER NEXUS ESCAPE

## INTRODUCING THE NEXUS ESCAPE

Power when you want it, power when you need it. Built tough with a 220-240V AC power outlet to power anything from a tablet while out and about, your lamps in the house, even your TV in a power outage.

## 2 USB PORTS

Use to power phones, tablets, laptops and more. When used with a 7.5 Ah ARC Lithium battery you can charge up to 40 phones.

## ONE 220-240V AC POWER OUTLET

Use to power TVs, routers, lamps, speakers and more. When used with a 7.5 Ah ARC Lithium battery you can charge up to 11 laptops.

## POWER WHEN YOU WANT IT

Use indoors and outdoors. The Escape can even be used to power a TV. When used with a 7.5 Ah ARC Lithium battery you can power a 42 in. TV for up to 8 hours.

## CONVENIENT COMPATIBILITY

Use any EGO battery to power the Nexus Escape.

BATTERY	APPLICATION RUN TIME*		
2.5 AH BATTERY	CELL PHONE 11-13 CHARGE CYCLES	LAPTOP 3-4 CHARGE CYCLES	TV 3 HRS
5.0 AH BATTERY	CELL PHONE 23-27 CHARGE CYCLES	LAPTOP 6-7 CHARGE CYCLES	TV 5 HRS
7.5 AH BATTERY	CELL PHONE 36-40 CHARGE CYCLES	LAPTOP 10-11 CHARGE CYCLES	TV 8 HRS
10.0 AH BATTERY	CELL PHONE 48-54 CHARGE CYCLES	LAPTOP 13-14 CHARGES	TV 10 HRS

\*Based on the average capacity of the industry's leading cell phone, laptop and tv

**POWER TO CHARGE 40 PHONES**

Recommend for use with the EGO 56V 7.5 Ah ARC Lithium battery

**POWER TO CHARGE 11 LAPTOPS**

Recommend for use with the EGO 56V 7.5 Ah ARC Lithium battery

**POWERS 42" TV FOR 8 HOURS**

Recommend for use with the EGO 56V 7.5 Ah ARC Lithium battery

## NEW FOR 2020

### PAD1500E 150W POWER INVERTER

Built tough with a 220-240V AC power outlet & 2 USB ports. Use any EGO battery to power the Escape.

SKIN CODE	PAD1500E
INPUT VOLTAGE	56V
USB OUTPUT	5V, Max.4.2A (two USB ports combined)
AC OUTPUT	220V-240V ~ Max.150W
WEIGHT	0.53 kg

# BACKPACK BATTERIES THAT WORK AS HARD AS YOU DO

## Team up your EGO Power+ tools with one of our Lithium-ion backpacks

Balancing exceptional power with user comfort, EGO's Lithium-ion BAX1501 backpacks are ergonomically designed to keep you working all day long. The battery pack can be removed from the harness\* allowing the battery to be shared amongst multiple users, each with their own harness. To ensure optimum performance, efficiency and longevity, these high-energy capacity batteries incorporate intelligent individual cell monitoring and balancing, both when it's powering a tool and when it's recharging.

## Designed to perform, built to last

Delivering the run times you demand, EGO Power+ backpack batteries can give you a full day's work\*\* from a single charge. The high-quality cells, with both high power rating and high energy density, can handle up to 1,000 charge cycles. Plus, with fast recharging, you can go from empty to full in just 3.5 hours.

## Flexible performance

With long run times and improved user comfort, EGO Power+ backpack batteries are perfect for all-day use. They're compatible with all EGO Power+ tools, and as the battery is on the harness and not on the tool, the tools are even lighter and easier to use.

\*Note the harness straps are supplied with padded comfort straps and may appear different.  
 \*\*Dependent on the tool and based on an 8 hour working day.

## BAX1501 COMMERCIAL BACKPACK BATTERY

The EGO Power+ commercial backpack battery delivers the power output and run times needed for demanding jobs. In fact, it has the same power as 80% of the petrol products currently in use. All minus the noise, fumes and vibration.

To make sure it's extremely tough and durable, we tested it to the extreme too. The commercial backpack battery can handle the heaviest downpours and still power the tool. Plus, the super robust casing is designed to take all of the knocks you can throw at it.

KIT CODE	BAX1501
CAPACITY	1568Wh at 56V rated
CONNECTION METHOD	Adapter / Plug-in
BATTERY WEIGHT	9.0kg w/o harness
HARNESS	Detachable
WEATHERPROOF PROTECTION	IP56
CHARGER	CHX5500E
CYCLE LIFE	Up to 1000 cycles
AVAILABLE AS A KIT	BAX1501: Includes a AFH1500 harness and ADB1000 adaptor

(Available in selected stores only)

# A BATTERY FOR EVERY TOOL AND EVERY JOB

With a choice of four batteries and one battery backpack, choose the one that gives you the power and run time\* you need.

AIR VOLUME

When we created our EGO Power+ commercial series we set our standards high. Not content with developing a range of tools that redefined what cordless tools can do – we looked to deliver power and performance that exceeds their petrol-powered equivalents.

Designed to work harder, all-day every day, in the most challenging conditions. This range of high-spec tools and backpack battery take petrol-free working to a whole new level, ensuring productivity levels remain high.

### Built to last and last

All tools in the commercial series are engineered to last longer, so you can cut maintenance time down to size. And because they are quieter, lighter with no fumes and less vibration, you can work comfortably for longer.

### New range – same compatibility

EGO is a name you can rely on. With a history of cordless power innovation, we know the ability to mix and match batteries, backpacks, harnesses and tools is vital. This level of complete flexibility continues with the commercial series.

POWER+ COMMERCIAL SERIES

# THE POWER OF PETROL WITHOUT THE NOISE, FUSS OR FUMES

Another great reason for choosing EGO is that you can power through any job, without the excess physical stresses and strains associated with heavy, noisy and vibrating petrol-powered tools.

A big benefit of choosing EGO's low-vibration cordless tools is how they help users avoid the risk of Hand-Arm Vibration Syndrome (HAVS). Also known as 'Vibration White Finger' it causes painful and disabling disorders of the blood vessels, nerves and joints.

# THE TOUGH ANSWER TO ROUGH GROUND

Perfectly balanced for comfortable use, EGO's commercial line trimmers / brushcutters make short work of even the roughest ground. Power comes from EGO's commercial backpack battery and the ready-for-anything 2KW motor.

Light yet strong, the solid steel drive shaft is housed in a carbon fibre drive tube. Unlike alloy shafts, it won't bend and lose its shape over time, keeping vibration levels to a minimum.

# POWER+ COMMERCIAL HEDGE TRIMMER

CUTTING CAPACITY: 33MM  
TOOTH DEPTH: 20MM

3600spm  
NO LOAD SPEED

BLADE LENGTH: 75CM

INCLUDES SCABBARD  
For safe storage

# CUTS CLEANER, RUNS LONGER. MAKES CUTTING HEDGES SHORT WORK

Designed for professionals, the commercial hedge trimmers are precision engineered to tackle the toughest hedges with ease.

Powered by the petrol-matching commercial backpack battery, a single charge delivers impressive run times. While the smooth and quiet brushless motor and gearbox give you all the power you need, without the vibration, fumes and noise of a petrol engine.

## Blades that cut cleanly

The high-quality EGO Power+ blades are made from laser-cut steel with diamond-ground edges to provide the cleanest cut and promote healthier hedges.

## HTX7500 75CM COMMERCIAL HEDGE TRIMMER

Powerful, smooth and perfectly balanced, the dual trigger system provides enhanced user comfort and safety. Making it perfect for any job, big or small

- 75CM BLADE LENGTH
- 33MM BLADE GAP
- LASER CUT DIAMOND GROUND
- DUAL ACTION: DUAL KNIFE EDGE
- BRUSHLESS MOTOR
- USE WITH EGO POWER+ BACKPACK

AIR VOLUME

FORCE: 19.2N

# OUTPOWERS PETROL POWERED BLOWERS

Setting a new standard for blowers, the LBX6000 is the most powerful handheld blower on the market. Delivering more blowing time, more comfort and more power than petrol.

With the ability to blow over 1014m<sup>3</sup> of air per hour on Boost mode, the leaves and the competition don't stand a chance.

(Available in selected stores only)

## LBX6000 COMMERCIAL BLOWER

Designed to be used with the commercial backpack battery BAX1501, this powerful blower is light and easy to handle.

Plus, the smooth brushless motor reduces vibration and noise compared to its petrol-powered equivalents

**VARIABLE SPEED SELF-PROPELLED MOTOR  
KEEPS YOU IN CONTROL AS YOU CUT**

**CUTS LIKE A  
PETROL MOWER.  
JUST CUTS OUT  
THE PETROL**

Significantly quieter than a petrol mower and with far lower service costs and zero emissions during use, the EGO Power+ mower range offers a variety of cutting capacities.

The variable speed self-propelled motor keeps you in control as you cut. Plus on a single charge our battery gives you up to 80 minutes run time\*. Automatic Variable Speed on selected models, delivers optimal cutting speed to maximise battery run time whilst maintaining grass cutting performance.

The 3-in-1 functionality lets you cut, bag or drop clippings while the LED headlights let you work further into the day. And when you're done, the easy-fold design makes cleaning and storage simple.

**EGO Power+ Mower 30 Day Money Back Guarantee**

If you are not satisfied with your purchase of an EGO Power+ Mower for any reason, you can return it within 30 days for a full refund provided you have purchased it from an authorised EGO Power+ Dealer, terms and conditions apply. Please refer to website for full details.

**FOLDS IN SECONDS**  
For convenient storage and easy cleaning

\*Run time can vary depending on model and battery as well as condition of grass and user operation technique.

Please note: some features are not available on all models.

## CHOOSING THE RIGHT MOWER:

### Small, tight spaces, or close to trees

For smaller spaces and improved precision around obstacles, self-propelled mowers with a smaller cutting capacity are ideal.

#### LESS ROOM TO WORK WITH?

Our compact 42cm model is perfect for smaller spaces.

### Additional comfort

If comfort is a priority, poly deck models are the lightest option. Self-propelled mowers require less effort, and with an adjustable handle, you can decide on the most suitable height.

### Bigger, open spaces

A mower with a wider cutting capacity will help you cover more ground in fewer passes. Opting for a bigger battery will increase run time, as will automatic cutting speed control. For a quick clean-up, a larger capacity bag can collect more grass and needs emptying less often.

#### LARGER LAWN?

Try our 52cm model which makes even the biggest jobs feel small.

### Finishes

EGO Power+ mowers come in two finishes: poly deck and steel.

### Grass collection

There are 3 different ways that EGO Power+ mowers deal with cut grass. Great for lawns that aren't too thick, mulching redistributes grass particles and fertilising nutrients. Having a side discharge allows for quicker mowing through thick and long grass. Bag collection keeps lawns clear of any cuttings.

### Sloped ground

Using a self-propelled mower takes the strain out of pushing the mower uphill.

# A MOWER FOR EVERY LAWN. THE RIGHT TOOL FOR THE JOB

The EGO Power+ mower range showcases a variety of specifications designed to make lawn care quicker, easier and more efficient. And with model sizes ranging from 42cm to 52cm cutting width, there's an option for every task.

Technologically advanced in every way, each mower packs incredible petrol-matching power as standard. Thanks to our revolutionary ARC Lithium 56V battery system, they make minimal noise, emit zero fumes, and start up at the touch of a button. Plus, with an easy-fold design, they're surprisingly simple to store.

While these benefits apply to all EGO Power+ mowers, key differences make some models better suited to specific kinds of gardens.

# THE EGO POWER<sup>+</sup> MULTI-TOOL. ONE TOOL LOTS OF OPTIONS.

With a single power unit and a range of high-tech attachments, the EGO Power<sup>+</sup> multi-tool lets you breeze through a variety of jobs. Whether you're cutting grass, edging lawns, trimming hedges, sawing branches or tilling soil, switching between attachments is quick and easy thanks to our simple and secure tool-free coupling system. Plus our extension pole gives you the reach to tackle any height. Add to that our innovative 56V ARC Lithium battery and you have all the power you need, without the fuss or fumes and with less noise than traditional petrol-powered tools.

**Attachments available:**

- Hedge Trimmer
- Pole Saw
- Line Trimmer
- Brushcutter
- Edger
- Cultivator
- Bristle Brush
- Extension Pole

# THE POWER TO TACKLE ANY TASK

**One revolutionary power unit. Seven uses to use it.**

Our most versatile tool yet, the EGO Power+ multi-tool makes more possible. Featuring seven different attachments, easily switch from trimming to cutting to sawing to edging to tilling.

## HEDGE TRIMMER

Ideal for shaping high and wide hedges and branches, the head angle is adjustable to suit the job at hand and allows for storage in small spaces.

## LINE TRIMMER

Trim grass along fences and walls with professional precision. Includes our Rapid Reload head, making it easier than ever to replace line.

## BRUSHCUTTER

Made tougher, the brushcutter is built to deal with difficult undergrowth. From thick grass to tough weeds and undergrowth, cut through the most troublesome tasks with ease.

## EDGER

Give lawns a professional finish with the edger attachment. Ideal for neatening edges along paths, driveways or flowerbeds.

## CULTIVATOR

The cultivator's teeth prepare soil prior to planting. Removing weeds and introducing air, it creates a loose bed, encouraging the growth of healthy plant life.

## POLE SAW

Slices through tree branches fast and efficiently. Combine with the extension pole to reach further and cut more.

## BRISTLE BRUSH

Make short work of sweeping hard surfaces with our easy-to-attach bristle brush. The 1.5mm bristles make it ideal for cleaning the toughest areas whilst protecting the operator from flying debris.

# NO PETROL. JUST LOTS AND LOTS OF POWER

Powered by the ARC Lithium battery, the EGO Power+ line trimmers give you all the power you need to tackle the toughest jobs. The quick-adjust handle offers optimum balance and control and the large cutting swath cuts any task down to size. Plus the soft-start function and constant-speed control ensures consistent trimming every time.

Other features include cutting speed selection, easy line replacement and twin line trimming for faster cutting and lower vibration.

## THE WORLD'S FIRST LINE TRIMMER WITH POWERLOAD™ TECHNOLOGY

Solving one of the biggest frustrations of line replacement, EGO's groundbreaking Powerload™ technology automatically winds your trimmer. Just thread the line, press the Powerload™ button and let the tool do the rest. Available on ST1520E-S.

**STEP 1**

**DIAMOND GROUND LASER CUT BLADES**  
FOR PRECISE CLEAN CUTS

**BALANCED,  
PRECISE,  
POWERFUL**

Powered by the petrol-matching ARC Lithium 56V battery, a single charge delivers such impressive run times that you'll be amazed at how much hedge you can cut.

The well-balanced design also has a number of clever features to make using for long periods of time more comfortable. The rotating handle and dual trigger system provide enhanced user comfort and safety. While the smooth and quiet brushless motor and gearbox give you all the power you need, without the vibration, fumes and noise of a petrol engine.

Please note: some features are not available on all models.

Rotating rear handle

Two-speed selector

*IT'S LIGHT, COMFORTABLE TO USE  
AND HAS ALL THE POWER YOU NEED*

Available in 61cm and 65cm lengths, there's an EGO hedge trimmer for every size job. The EGO Power+ hedge trimmers feature double-sided knife-edge†, laser cut diamond ground blades for precise clean cuts. The two-speed selector lets you choose the right speed for every task and the large

cutting capacity means you can get to work on larger hedges with thicker branches and stems.

Blade-tip protection stops damage from fences and walls. For safer working, the safety blade guard helps prevent injuries while the electric brake stops the blades when the trigger is released.

\*Available on selected models.

MOTOR TYPE	Brushless				Brushless			

\*Run time may vary and depend on the battery used, charge level of battery, condition of hedge, and user's operation technique.

†Kit includes charger and highlighted battery.

Durable bar and chain

# IT CUTS, CUTS AND CUTS SOME MORE

The EGO Power+ chain saw is built tough to tackle even the hardest jobs. Trunks, logs, branches, nothing gets in its way.

Choose simple, safe and Easy Chain Tensioning to maintain proper tension during use or opt for tool-free chain tensioning for easy set up and adjustment. Check the lubrication level through the oil inspection window and you're ready to go.

It really cuts it when it comes to safety too. The chain kickback and electric brake protect you while you work. And the auto-lubrication system keeps the chain spinning freely at all times.

Plus with EGO's ARC Lithium 56V battery delivering such an impressive run time and incredible power on a single charge, it'll keep you working cut after cut after cut.

## EASY CHAIN TENSIONING

**NEW FOR 2020**

# SIMPLE, SAFE CHAIN TENSIONING

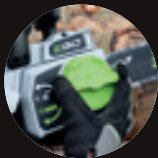

## EASY CHAIN TENSIONING

NEW FOR 2020

The EGO Power+ 45cm chain saw with Easy Chain Tensioning is built tough to tackle even the hardest jobs. With a high speed 20m/s chain speed and a powerful motor, nothing will get in the way.

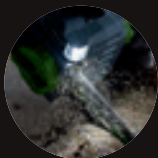

All guesswork is removed when it comes to the correct chain tension thanks to an easy tensioning feature. When replacing or tensioning the chain, simply loosen the sprocket cover on the saw, re-tighten and you're ready to go.

It's perfect for low light too thanks to a powerful LED light.

### SIMPLE ADJUSTMENT

For simple safe tensioning

### POWERFUL LED LIGHT

Ideal for low light

**JET TURBINE TECHNOLOGY WITH  
LARGE DIAMETER TUBE  
TO GIVE MAXIMUM AIRFLOW**

# BLOWS PETROL- POWERED BLOWERS OUT OF THE WATER

Powered by a high-efficiency brushless motor, the EGO Power+ blowers feature jet turbine technology and large diameter tube to give maximum airflow. With a variable speed function designed to keep you in control, selected models also feature a Turbo Boost mode, delivering extra power for those hard to move objects. More than most handheld petrol blowers on the market. That's more than enough power to clear up even the biggest windfall.

Flat nozzle for wet leaves

Clears stones from driveway

**NEW FOR 2020**

# EVERYTHING YOU NEED TO KEEP YOU CUTTING, MOWING AND BLOWING

We've got everything you need to keep you working. And everything in the EGO Power+ range is made with the same care and precision as our Outdoor Power Equipment.

## EGO POWER+ MULTI-TOOL BLADES, CHAIN AND BAR

**AE0800**  
Multi-Tool edger blade for EA0800

**AC1000**  
Multi-Tool pole saw chain for PSA1000

**AG1000**  
Multi-Tool pole saw bar for PSA1000

**ABB1203**  
Multi-Tool brushcutter blade for STA1500, BCA1200, BCX3800 and BC3800E

## EGO POWER+ HARNESS

**AP1500D**  
Double-shoulder harness for BC3800E

## EGO POWER+ MOWER BLADES

**AB1701**  
High lift 42cm blade for LM1700E

**AB1901**  
High lift 47cm blade for LM1900E-SP

**AB2000**  
Standard 49cm blade for LM2000E

**AB2001**  
High lift 50cm blade for LM2020E and LM2020E-SP

**AB2101**  
High lift 52cm blade for LM2100E and LM2100E-SP

**AB2102D-E**  
52cm Highlift Dual Blade for LM2130E-SP

## EGO POWER+ SHOULDER STRAP

**AP1500**  
Single-shoulder harness with loop, one hook for ST1300E, ST1500E, ST1500E-F, LB5300E and BC3800E

## EGO POWER+ LINE TRIMMER HEADS

**AH1520**  
Powerload head for ST1520E-S  
4 metre 2.4mm line length

**AH1501**  
Rapid reload head (anti-clockwise rotation) for BC3800E, STA1500 and ST1530E  
4 metre 2.4mm line length

**AH1302**  
Trimmer head assembly for ST1300E & ST1210E  
5 metre 2.0mm line length

**AH1531**  
Any Insert head (anti clockwise rotation) for BC3800, STA1500 and ST1530E  
4 metre 2.4mm line length

## EGO POWER<sup>+</sup> LINE TRIMMER SPOOLS

**AS1302**  
Spool with 2.0mm line for ST1300E & ST1210E  
5 metre line length

## EGO POWER<sup>+</sup> LINE TRIMMER CAPS

**ALC1501D**  
Cap for BC3800E, STA1500 and ST1530E  
2pcs

## EGO POWER<sup>+</sup> CHAIN SAW CHAINS

**AC1400**  
90PX chain for CS1400E

**AC1800**  
90PX chain for CS1800E

## EGO POWER<sup>+</sup> CHAIN SAW BARS

**AG1400**  
35cm guide bar for CS1400E

**AG1800**  
45cm guide bar for CS1800E

## EGO POWER<sup>+</sup> CHAIN SAW BARS & CHAIN COMBO

**AK1400**  
35cm guide bar and 90PX chain for CS1400E

## GUTTER CLEANING PACK

**AGC1000**  
Gutter cleaning attachment  
for LB5300 and  
LB5800

**NEW FOR 2020**

## EGO POWER<sup>+</sup> BAGS

**BCS1000**  
Durable Chainsaw bag

**EGO POWER+ MULTI-TOOL ICONS**

 Switch tools quickly for each task	 For comfort and versatility	 For precise and easy edging
 The easier way to prepare soil for planting	 Easily clear moss and wet leaves from hard surfaces	

**EGO POWER+ MOWER ICONS**

 Cutting width to suit any size lawn	 Variable speed to suit your walking pace	 Light and manoeuvrable, while remaining durable
 Tough and durable cutting deck	 Motor adjusts to grass conditions, saving energy	 Highly efficient and powerful maintenance-free motor
 Effective and fast cutting		

**EGO POWER+ LINE TRIMMER AND BRUSH CUTTER ICONS**

 Wide cutting swathe for faster, more efficient trimming	 Wide cutting width for fast and effective trimming	 Enhanced durability and simplicity
 Two-speed motor adjustable for task and economy needs	 Constantly adjustable speed to match the needs of the task	 Ideally suited to the tool for the best cutting results
 Simple line feeding making work simple and efficient	 Fast and tool-free line reloading	 For increased safety and efficiency
 Insert the line press to wind	 Strong and durable shaft	

**EGO POWER+ HEDGE TRIMMER ICONS**

 Ideal length suited to the tool for best cutting results	 Enabling precise and clean cutting	 Two-speed motor adjustable for task and economy needs
 Precisely cut and sharpened for great results	 Less vibration to tackle the toughest jobs	 Rotating rear handle for greater comfort and versatility
 Highly efficient and powerful maintenance-free motor		

**EGO POWER+ CHAIN SAW ICONS**

 Ideal for all cutting tasks	 Smooth and fast cutting	 Enhancing safety while in use
 Highly efficient and powerful maintenance-free motor	 Auto chain tensioning	 Metal bumper spikes
 For use in low light areas		

**EGO POWER+ BLOWER ICONS**

 Increased power to clear large areas	 Constantly adjustable speed to match the needs of the task	 Highly efficient and powerful maintenance-free motor

# WARRANTIES YOU CAN RELY ON

**Domestic use**

**Commercial use**

At EGO we pride ourselves on manufacturing products that are not only innovative and easy to use, but reliable and robust too. And however unlikely our products are to go wrong, it's good to know that all our products are covered by a warranty\* you can rely on. All EGO Power+ products come with a domestic user 5 year warranty on tools and 3 year warranty on batteries and chargers. The warranty for commercial users is 1 year.

**The support of our service dealer network**

With a nationwide network of EGO approved service dealers, you're never too far from the support you need. From selecting the most suitable tools for your needs to providing an outstanding after sales service, get great face-to-face advice whenever you need it.

**Original spare parts**

We're here to keep your tools running for years to come. We can provide the spare parts to extend the life of the tool.

**Committed to quality**

We're one of the biggest power tool manufacturers in the world with over 7,000 employees and over 10 million units manufactured each year. To make sure our tools combine petrol-matching power with the ease of use and reliability you need, we've invested heavily into research and development to become one of the world leaders in battery technology. Our advanced manufacturing process is highly digitalised and automated to ensure the consistent high quality and performance of our tools.

\*For defects caused by material or manufacturing fault. This does not cover wear and tear.
